

DECLARATION OF EMERGENCY

Department of Environmental Quality Office of the Secretary

Waste Tire Amendments (LAC 33:VII.10505, 10519, 10525, 10527, and 10533) Log #SW034E

In accordance with the emergency provisions of the Administrative Procedure Act, R.S. 49:953.B, and under the authority of R.S. 30:2011, the secretary of the Department of Environmental Quality declares that an emergency action is necessary in order to strengthen the regulations that will ensure proper disposal of waste tires processed in Louisiana. Waste tires that are not processed in accordance with LAC 33:VII.Chapter 105 create environmental and health-related problems and pose a significant threat to the safety of the community. The elimination of breeding areas for mosquitoes will reduce the exposure to these insects and the serious health problems associated therewith.

This Emergency Rule is effective on January 15, 2003, and shall remain in effect for a maximum of 120 days or until a final rule is promulgated, whichever occurs first. For more information concerning SW034E, you may contact the Regulation Development Section at (225) 765-0399.

Adopted this 10th day of January, 2003.

L. Hall Bohlinger
Secretary
